

The Newsletter for Jamaican
Alumni Associations in Florida

The Coalition Monthly

September 2025

Sandra Schrouder & Rupert Rhodd (Editors)

OUR ALUMNI COMMUNITY

Congratulations to **Xavier Murphy, current president of the Jamaica College Old Boys' Association** (Left) and **Dr. Allan Cunningham Past president of Camperdown Past Students' Association** (below), recipients of recent awards from the Jamaica USA Chamber of Commerce. Xavier was recognized for being

a media pioneer, and Allan for community service. Both Xavier and Allan have served and are still serving in leadership roles for their alumni associations, and we commend them for their efforts not only to

schools in Jamaica but also for their community-building effort in South Florida.

We are currently sending the **pledge sheets for the 2025 All Alumni Walkathon** to the respective associations that will distribute them to members. If you do not receive your pledge sheet by September 6, 2025, please send us an email at rgecon@hotmail.com. The walkathon will take place on November 22, 2025 at Miramar Regional Park. There is no individual fee to participate, but each participating organization is expected to pay \$75 to help defray the cost of the event.

On August 9, the Jamaica Observer Published the following article **"KNOCKALVA POLYTECHNIC COLLEGE CELEBRATES 85 YEARS"**. Many individuals from Jamaica do not know where Knockalva Polytechnic College is located and how important it is to the economic development of Jamaica. Here is some information about Knockalva Polytechnic College.

Knockalva Polytechnic College is located in **Ramble**, Hanover Parish, in western Jamaica. The institution began in **1940** as the **Knockalva Agricultural School** and was officially upgraded to a polytechnic college in **2018**, expanding its course offerings while retaining a strong agricultural focus. Over the years, it has grown to offer **associate degrees** and certifications across

multiple disciplines: agriculture, environmental science, health & wellness tourism, computer engineering technology, agri-processing, and business management.

Knockalva Polytechnic College is playing a pivotal role in Jamaica's economic development, notably through agriculture, vocational training, and rural empowerment.

- The Ministry of Agriculture has identified Knockalva as a key partner in efforts to **resurge Jamaica's dairy industry**. Plans include developing fodder, constructing a milking parlour, providing cattle, and utilizing college lands for production. (*Jamaica Observer*, April 2, 2024).
- Knockalva is also playing a role in the **Dairy Livestock Innovation and Nutrition Programme (DLINK)**, with students being trained to maintain essential dairy equipment—such as milking machines and cooling tanks—ensuring sustainable industry support. (*Jamaica Observer*, December 6, 2024)
- Knockalva is offering more opportunities for individuals to gain tertiary education training. The 2018 transformation into a polytechnic marked a strategic shift toward offering **industry-responsive programmes**, including technical and vocational training, entrepreneurship, and applied research—similar to what the University of the West Indies (Mona) does for eastern Jamaica. Knockalva can become a hub for technical innovation, sustainable farming, and environmental management.

As Principal Natalie Thompson noted in a press briefing held at the Rural Agricultural Development Authority's (RADA) St James office recently, *"Knockalva's Legacy of Excellence: 85 Years of Shaping Futures, speaks to the rich history, transformative work, and continued commitment to prepare the next generation of leaders, innovators, and change makers."*

We salute Knockalva Polytechnic College for its contribution to education in Jamaica over its 85 years of existence, and laud **Dr. Gersham Nelson** and members of the Knockalva Alumni Association for their commitment to their alma mater.

We are pleased to recognize the newly appointed leadership board in our alumni community. Your commitment and enthusiasm promise a bright future, and we look forward to the positive impact you will contribute to the community. Wishing the new boards every success in this exciting chapter ahead!

SOME VERY GOOD REASONS WE SHOULD GIVE BACK TO THE SCHOOLS WE ATTENDED.

Giving back:

1. Supports Future Generations

Your contribution helps provide resources, scholarships, and opportunities for current and future students. You're investing in their education and success—just as someone likely did for you.

2. Strengthens the School's Reputation

Alumni support often boosts a school's rankings and public perception. High alumni engagement can attract better students, faculty, and funding from external sources.

3. Preserves and Improves Programs You Benefited From

If you value specific programs like a certain major, a student organization, or a sports team—giving back helps maintain and grow those experiences for others.

4. Creates Legacy

Giving back allows you to leave a personal or professional legacy. Whether through a scholarship, mentorship, or donations, you become a visible part of the institution's ongoing story.

5. Creates a Network for Past Students and Helps them Stay Connected

Being an active alumnus keeps you connected to a community that can offer professional networking, mentorship opportunities, and lifelong friendships.

6. Provides Personal Gratitude and Fulfillment

Giving back is a way of acknowledging the role your education played in your life. It's a meaningful way to say "thank you" while making a tangible impact.
